Honorable Paul E. Patton, Governor

Honorable David Jenkins, County Judge/Executive
Members of the Spencer County Fiscal Court

Independent Auditor's Report

We have audited the accompanying statement of assets, liabilities, and fund balances arising from cash transactions of Spencer County, Kentucky, as of June 30, 1999, and the related statement of cash receipts, cash disbursements, and changes in cash balances for the year then ended. These financial statements are the responsibility of the Spencer County Fiscal Court. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards, <u>Government Auditing Standards</u> issued by the Comptroller General of the United States, and the <u>Audit Guide for Fiscal Court Audits</u> issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Spencer County, Kentucky, prepares its financial statements on a prescribed basis of accounting that demonstrates compliance with the cash basis and laws of Kentucky. Consequently, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when a liability is incurred. The cash basis accounting system does not require an entity to maintain a general fixed asset group or a general long-term debt group of accounts. Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in conformity with generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, and fund balances arising from cash transactions of Spencer County, Kentucky, and the related statement of cash receipts, cash disbursements, and changes in cash balances as of and for the year ended June 30, 1999, in conformity with the cash basis of accounting described above.

To the People of Kentucky
Honorable Paul E. Patton, Governor
John P. McCarty, Secretary
Finance and Administration Cabinet
Mike Haydon, Secretary, Revenue Cabinet
Honorable David Jenkins, County Judge/Executive
Members of the Spencer County Fiscal Court

Our audit was performed for the purpose of forming an opinion on the financial statements of Spencer County, Kentucky, taken as a whole. The information provided on the accompanying schedules is presented for purposes of additional analysis and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly presented, in all material respects, in relation to the financial statements taken as a whole.

Based on the results of our audit, we present the accompanying comment and recommendation, included herein, which discusses the following area of noncompliance:

• The County Should Have Required Depository Institutions to Pledge Additional Securities Of \$210,723 As Collateral To Protect Deposits

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated November 22, 1999 on our consideration of Spencer County, Kentucky's compliance with certain provisions of laws, regulations, contracts, and grants, and internal control over financial reporting.

Respectfully submitted,

Edward B. Hatchett, Jr. Auditor of Public Accounts

SPENCER COUNTY NOTES TO FINANCIAL STATEMENTS

June 30, 1999

Note 1. Summary of Significant Accounting Policies

A. Reporting Entity

The financial statements of Spencer County include the funds, agencies, boards, and entities for which the fiscal court is financially accountable. Financial accountability, as defined by Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, as amended by GASB 14, was determined on the basis of the government's ability to significantly influence operations, select the governing authority, participate in fiscal management and the scope of public service. Based upon the criteria stated in GASB 14, management has included the the Public Properties Corporation Bond Fund and the Public Improvement Corporation Fund as part of the reporting entity.

B. Fund Accounting

Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. The government uses funds to report on its financial position and the results of its operations. A fund is a separate accounting entity with a self-balancing set of accounts.

C. Basis of Accounting

The financial statements were prepared on a cash basis of accounting pursuant to Kentucky Revised Statute (KRS) 68.210 as recommended by the State Local Finance Officer. Consequently, certain revenues and related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when a liability is incurred. The cash basis accounting system does not require an entity to maintain a general fixed asset group or a general long-term debt group of accounts.

D. Legal Compliance - Budget

The Spencer County budget is adopted on a cash basis of accounting and laws of Kentucky as required by the State Local Finance Officer. The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the State Local Finance Officer. Expenditures may not exceed budgeted appropriations at the activity level.

E. Cash and Investments

Cash includes amounts in bank accounts, and investments are stated at cost. Investments may include certificates of deposit on the financial statements; however, for the purpose of disclosing credit risk (Note 3), investments exclude certificates of deposit.

SPENCER COUNTY NOTES TO FINANCIAL STATEMENTS June 30, 1999 (Continued)

Note 1. (Continued)

E. Cash and Investments (Continued)

KRS 66.480 authorizes the county to invest in the following, including but not limited to, obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

Note 2. Employee Retirement System

The county has elected to participate in the County Employees Retirement System (CERS), pursuant to KRS 78.530 administered by the Board of Trustees of the Kentucky Retirement Systems. This is a multiple-employer public retirement system which covers all eligible full-time employees. Benefit contributions and provisions are established by statute. Nonhazardous covered employees are required to contribute 5 percent of their salary to the plan. The county's contribution rate for nonhazardous employees was 8.22 percent.

Benefits fully vest on reaching five years of service for nonhazardous employees. Aspects of benefits for nonhazardous employees include retirement after 27 years of service or age 65.

Historical trend information showing the CERS' progress in accumulating sufficient assets to pay benefits when due is present in the Kentucky Retirement Systems' annual financial report.

Note 3. Deposits

The county maintained deposits of public funds with depository institutions insured by the Federal Deposit Insurance Corporation (FDIC). According to KRS 66.480(1) (d) and KRS 41.240 (4), the depository institution should pledge or provide sufficient collateral which, together with FDIC insurance, equals or exceeds the amount on deposit at all times. In order to be valid against the FDIC in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution The county entered into a written agreement with the depository institution and met requirements (a), (b), and (c) stated above. However, as of April 12, 1999, the collateral and FDIC insurance together did not equal or exceed the amount on deposit, leaving \$210,723 of public funds uninsured and unsecured.

The Public Improvement Corporation Fund will pay \$800 on a monthly basis for an indefinite period to the Peoples Bank of Taylorsville commencing with a payment on July 6, 1994. REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable David Jenkins, County Judge/Executive Members of the Spencer County Fiscal Court

> Report On Compliance And On Internal Control Over The Financial Reporting Based On An Audit Of Financial Statements Performed In Accordance With Government Auditing Standards

We have audited the financial statements of Spencer County, Kentucky, as of and for the year ended June 30, 1999, and have issued our report thereon dated November 22, 1999. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u> issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Spencer County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under <u>Government Auditing Standards</u>.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Spencer County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

COMMENT AND RECOMMENDATION

SPENCER COUNTY COMMENT AND RECOMMENDATION

Fiscal Year Ended June 30, 1999

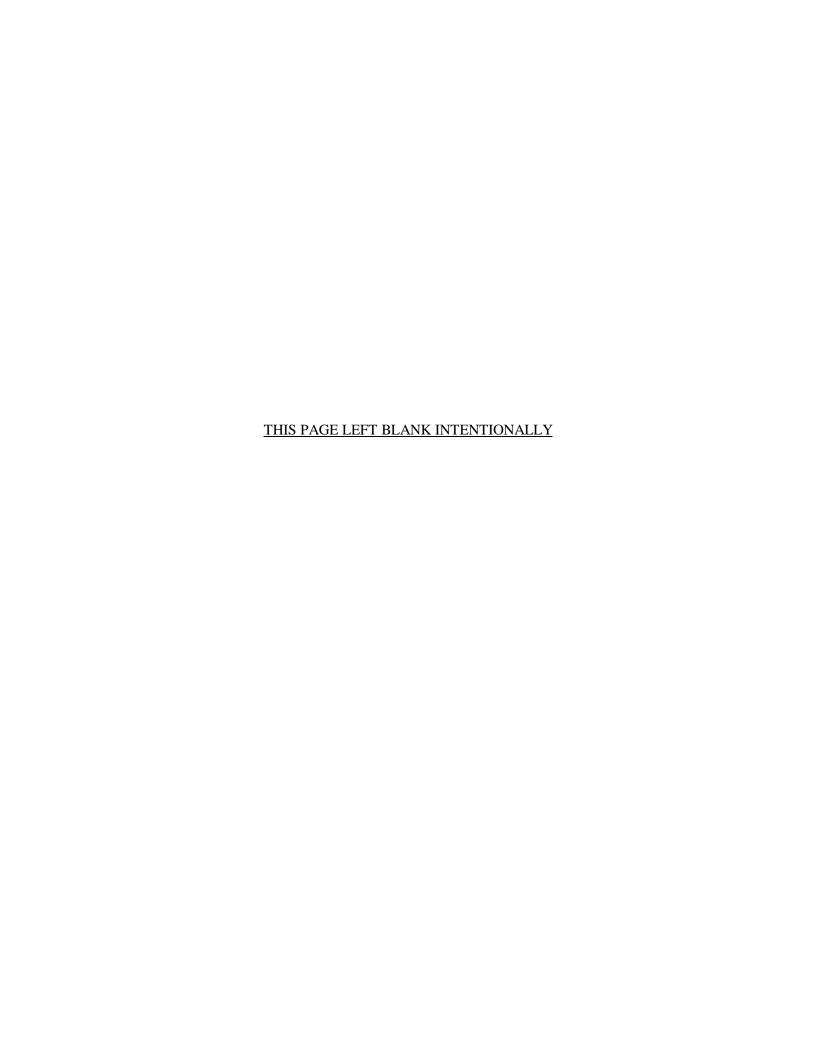

NONCOMPLIANCES

The County Should Have Required Depository Institutions To Pledge Additional Securities Of \$210,723 As Collateral To Protect Deposits

On April 12, 1999, \$210,723 and on June 30, 1999, \$163,822 of the county's deposits of public funds in depository institutions were uninsured and unsecured. According to KRS 66.480(1)(d) and KRS 41.240(4), the depository institution should pledge or provide sufficient collateral which, together with Federal Deposit Insurance Corporation insurance, equals or exceeds the amount of public funds on deposit at all times. We recommend that the county require the depository institution to pledge or provide collateral in an amount sufficient to secure deposits of public funds at all times.

Management's Response:
